## ***About Mazer Wholesale, Inc.***

Hi, I'm Andrew Mazer. I'm the owner and founder of Mazer Wholesale which I started in 1986 in the basement of my parents' hardware store in Philadelphia. I was 21 years old.

After I graduated from high school, I attended Temple University in Philadelphia as a health education major. I was planning to become a gym teacher and an athletic coach. When my father had a heart attack in 1984, I left school to help out in the hardware store while he recovered.

I had worked in the hardware store on weekends as a kid, but I never really liked it. But now I was 20 years old and in a position where I really mattered to the business and my family. Then, the "business bug bit me!." I never returned to college.

Mom and Dad were loved by their customers. I learned so much from them. Dad showed me how to get up early, open the store early, and be prepared for the day. Mom showed me how to sell, how to merchandise, and especially how to treat customers. I felt the need to spread my wings. I'd developed a passion for business but I saw a future which transcended the "neighborhood store."

Now, after decades of experience, modeling my parents' work ethic, acquiring 100's of loyal customers and learning to market my business and product on the internet, I have continued the journey, even while facing giants like Home Depot, Lowe's, Walmart, Amazon, and other mega suppliers.
